**Re: New Jersey American Water Will Serve Letter Request
University Center Phase 2 Addition and Renovation ("The Project")
Seton Hall University
400 South Orange Avenue
Block 901 – Lot 3
Township of South Orange Village, Essex County, New Jersey
Langan Project No. 100898001**

Dear Victoria:

As you are aware, as part of the municipal approval process we are required to provide proof of utility service availability. This morning we contacted New Jersey American Water (NJAW) to request a will-serve letter for water service to the proposed University Center Phase 2 Addition and Renovation at Seton Hall University project. NJAW informed our office that they do not provide will-serve letters for projects that do not include a main extension or new service. Since this project does not include a main extension or new service we are unable to obtain a will-serve letter for water supply. A copy of the email exchange with NJAW is attached for reference.

Sincerely,
Langan Engineering and Environmental Services, Inc.

John E. DiGiacinto, P.E.
Senior Project Manager

So its not a main extension or service. No application to NJAW.

We don't do letter to serve for internal pipe changes

Joe

Hi Joe

Not sure it falls under either.

Its two small additions to their university center bldg. and internal renovations. We are not making any new connections to the bldg.

Based on my understanding, the renovations will not have a significant impact on water demand. Working with architect on evaluating that tomorrow, but we are 99.9% certain that an NJDEP BDSW permit would not be required.

Is the project a main extension or service?

I handle Main extensions

Kia handles services

Joe and Kia

We are working on a project at Seton Hall that we will be submitting to South Orange for site plan approval. As part of that process the board requires that we obtain will-serve letters. I was just wondering who we should address the letter to. I was ready to send to Joe, but a colleague mentioned he worked with Kia recently on a couple of projects in West Orange and Woodland Park so I figured I would reach out to confirm who to coordinate with.

Thanks

John
