PROPOSAL

206 Ampere Parkway LLC (the "Applicant") is seeking minor subdivision approval to create three lots from property located at 201 and 167 Ridgewood Road North, designated as Block 1303, Lots 37 and 38, respectively, on the official tax map of the Township of South Orange Village (collectively, the "Property"). The Property is located in the Residence A-100 zoning district.

The Applicant is proposing a subdivision to create three lots that are approximately rectangular in shape. Lot 37 currently consists of approximately 20,193 square feet and Lot 38 currently consists of approximately 49,411 square feet. As a result of the subdivision, the following minimum lot areas within 100 feet of the right-of-way line will exist:

1. Lot 37 will consist of approximately 16,032 square feet (30,845 square feet total),
2. Lot 38 will consist of approximately 13,133 square feet (30,205 square feet total), and
3. Lot 38.01 will consist of approximately 7,870 square feet (8,552 square feet total).

The Applicant is proposing to retain a portion of the existing dwelling. The Applicant is also proposing to construct a single-family dwelling on remaining Lot 37 and Lot 38.

The Applicant is seeking the following variance relief from the Township of South Orange Village Zoning Ordinance in connection with this application:

1. Lot 37: to permit a lot width of 166.5 feet where a lot width of 175 feet is required and a lot width of 131.8 feet exists; and to permit disturbance of steep slopes in excess of that permitted by Ordinance.
2. Lot 38: to permit a lot width of 125.7 feet where a lot width of 175 feet is required and a lot width of 227.7 feet exists; and to permit disturbance of steep slopes in excess of that permitted by Ordinance.
3. Lot 38.01: to permit a lot area of 7,870 square feet within 100 feet of the right-of-way, where a minimum lot area within 100 feet of the right-of-way of 10,000 square feet is required; to permit a lot width of 72.9 feet where a lot width of 175 feet is required; to permit a front yard setback of 19.8 feet, where a minimum of 25 feet is required and a setback of 19.2 feet exists; and to permit an impervious coverage of 40.6%, where the maximum permitted impervious coverage is 30%.

We are hereby requesting waivers from the following items in Land Use Ordinance Checklist:

1. Item #16: Because the lots will be filed by deed, and not by plat, as permitted by the Municipal Land Use Law, a plat complying with the provisions of the map filing law is unnecessary.
2. Item #35: Topographic information is shown within the boundaries of the site and along North Ridgewood Road. However, we are requesting a waiver from the requirement of showing topographic information within 50 feet of the site because we cannot obtain this information without trespassing onto neighboring properties. It is our engineer's professional opinion that topographic information

beyond the boundaries of the property is unnecessary in this case because no disturbance is taking place anywhere near the property lines.

3. Other waivers are addressed directly in the comment section of the checklist.
