South Orange, NJ 07079

**Dear Board:**

I am the owner of a peculiar shaped lot and finding it exceptionally difficult to fence in a useable portion of yard following the ordinance as written. I would like to put up a 5' fence on the property for the safety of keeping my children and dogs in, and the large deer and wildlife out. We have 2 girls, ages 1 & 6, and a shepherd mix named Honey Bear who all love to play outside. At this time with no fence to keep the deer out we are often startled by them (and they by us) and unable to grow the flowers and vegetables they snack on. We feel extremely lucky to be a part of this community, and were drawn to South Orange and the Newstead Neighborhood because of its beauty. I believe the fence will blend seamlessly with the aesthetic and history of the area and expect no negative impacts to adjacent properties.

Sincerely,

**Kate Wiggins**
